

PELATEC

SAFETY PRODUCTS

**READY
TO
PROTECT!**

**CATALOG
2025**

We have been producing workwear for customers in over 50 countries since 1998. Our focus is on clothing for painting processes.

Thanks to our many years of experience in this area, we develop innovative products that meet the latest requirements.

Our customers include industry, trade and crafts.

Permanent quality controls during production guarantee a consistently high quality of our products. We implement individual customer solutions every day. We offer you solutions for all areas. Our products offer the highest level of process reliability.

We take responsibility, not only for our economic activities, but also for the people and the environment who are involved. We work on solutions to produce CO² neutrally and constantly optimize our products and processes. Bringing social, ecological and economic aspects into harmony with one another is our primary goal.

OUR PHILOSOPHY

Innovation, quality and flexibility are our maxims.

QUALITY

Through our quality management and our qualified employees, we guarantee consistently high quality. Every single product goes through our quality controls before it reaches you.

INNOVATION & DESIGN

Our innovative products are constantly being developed to meet future requirements today. With our premium products, we set standards worldwide in terms of quality, design and innovation.

SOCIAL COMMITMENT

We face up to our social obligation and guarantee that our products are manufactured without child labour! Our production is regularly certified and we have set ourselves the task of constantly improving the working and living conditions of the workers in our factory.

We have been supporting welfare programs for employees and their families for years.

SUSTAINABILITY

We take responsibility, not only for our economic activities, but also for the people and the environment involved. We are working on solutions to produce CO² neutrally and are constantly optimizing our products and processes. Our primary goal is to bring social, ecological and economic aspects into harmony with one another.

PRIVATE LABEL – YOUR PERFECT BRAND PRESENCE!

Make yourself unique with your private label design

With a private label solution, you have every opportunity to design your own styles with your brand and significantly improve your brand presence!

Our private label team will accompany you with confidence through the entire process.

✓ UNIQUE, UNMISTAKABLE STYLE FOR YOUR PERFECT BRAND PRESENCE !

- PERFECTLY TAILORED PRODUCT
- UNIQUE SELLING POINT
- STRENGTHENING YOUR BRAND
- VERY HIGH MARKETING EFFECT

✓ ENDLESS POSSIBILITIES!

- LARGE SELECTION OF FABRICS AND COLOURS
- VARIOUS FITS / FITTINGS
- ALL EQUIPMENT DETAILS ARE INDIVIDUALLY ADJUSTABLE
- PRINT EXACTLY ACCORDING TO YOUR SPECIFICATIONS
- INDIVIDUAL NECK LABELS & PACKAGING OPTIONS

MASTER LINE

MASTER LINE – FOR THE HIGHEST QUALITY STANDARDS

Our Master Line ESD products are made from a high-quality, lint-free polyester and carbon fibre. They are electrically conductive and permanently antistatic in accordance with EN1149. Our Master Line stands for the highest quality, functionality, process reliability and modern design.

Material: Polyester / carbon	Silicone-free, lint-free
PPE CAT.I according to EU Directive 2016/425	Dirt and water repellent
Antistatic according to EN1149	Original Dupont Teflon coating (optional)
General protective clothing: DIN EN ISO 13688:2013	Washable, reusable, environmentally friendly

PROFI LINE

PROFI LINE – DEVELOPED BY PROFESSIONALS, FOR PROFESSIONALS!

Our Profi Line made from the latest generation of lint-free polyester offers a variety of design and equipment options. In collaboration with our partners from industry and trade, our products are constantly being developed and adapted to the needs of professional work processes. All Profi Line models are washable and reusable and therefore significantly more sustainable than disposable clothing. They offer excellent wearing properties and are available in many variants.

PPE CAT.I according to EU Directive 2016/425	Material: 100% polyester
Antistatic: EN1149-1:2006	Silicone-free, lint-free
General protective clothing: DIN EN ISO 13688:2013	Washable, reusable, environmentally friendly

ECO LINE

ECO LINE – DISPOSABLE PROTECTIVE CLOTHING

Our Eco Line products are versatile. The Simtec overalls comply with PPE CAT. 3 and offer excellent protective properties, for example against liquid chemicals, viruses & radioactive contamination. The Simtec series is available in „Classic“ and „Cool“ versions.

CE certified	Protective clothing against infectious agents
PPE CAT.III Type 5&6 according to EU Directive 2016/425	General protective clothing: DIN EN ISO 13688:2013
Antistatic: EN1149-5:2008	Silicone-free, lint-free
Protection against chemical liquids & solid particles, formerly protective clothing against radioactive contamination	

PROTECTIVE GLOVES – P - SERIES

The high-quality Pelatec professional work gloves offer reliable protection and are available in many variations. The gloves have been specially tailored to the needs of industry and trade. Our gloves are powder-, silicone- and latex-free and prevent skin irritation. They offer excellent skin protection when painting, assembling or cleaning. The perfect fit guarantees optimal comfort.

ECOSTAR – CAR INTERIOR PROTECTION

Our ECOSTAR interior covers impress with their fit accuracy & quality. They are made from 100% recycled polyester and comply with the Global Recycle Standard. These sustainable products are available individually or as a set!

100% recycled polyester! Global Recycle Standard	Original DuPont Teflon coating
Manufactured under fair working conditions	Reusable, washable up to 40°C
Dirt and water repellent	Available individually or as a set
